

Join our SWARCO Team as

DevOps Engineer (m/f/d)

Location: Berlin , Germany | Fulltime | Hybrid

Your Challenge

- Support the development and project teams in creating a cloud-based platform to unify SWARCO's extensive software solution portfolio
- Manage and maintain a growing infrastructure of over 50+ Linux servers and Kubernetes clusters across a multi-cloud environment, including AWS, hosting 200+ microservices
- Work daily with cloud-native technologies such as Kafka, RabbitMQ, PostgreSQL, and MongoDB
- Assist an agile engineering team of 100+ developers that are building software in various languages, including C#, Java, Node.js, and Python
- Support a SaaS infrastructure solution that connects over 10,000 traffic devices
- Build and maintain critical infrastructure utilized daily by tens of millions of users
- Develop innovative solutions to accelerate on-premise releases

Your Profile

- Experience in building and maintaining infrastructure for large IoT and network-edge devices
- Hands-on experience with federated and distributed monitoring systems and CI/CD tools such as ArgoCD
- Proficiency in working with technologies like Kubernetes, Docker, Ansible, Terraform, Linux, MongoDB, PostgreSQL, RabbitMQ, and Redis
- Solid programming skills, including shell scripting and Python
- Solution-oriented, with a passion for driving projects and topics as a domain expert

Your Benefit

- Join a team dedicated to delivering cutting-edge road traffic and urban mobility solutions, improving safety for millions globally
- Work for an established market leader founded in 1969, with over 5,500 employees and a presence in more than 80 countries
- Flexible working hours and a hybrid work setup, allowing you to work from home 50% of the time
- Opportunities for promotion across various areas within our larger organization
- Job rotation programs available that allow you to work from a different international SWARCO office location for several months
- A modern office space just a 5-minute walk from the Landsberger Allee S-Bahn station

The future begins today. Yours too?
