The Better Way. Every Day. 

# The perfect balance for reliable, quick and efficient charging

The Raption 150 Compact is designed to cut charging time at key areas such as service stations, shopping centres or bus fleets

## Main features of the Raption 150 Compact

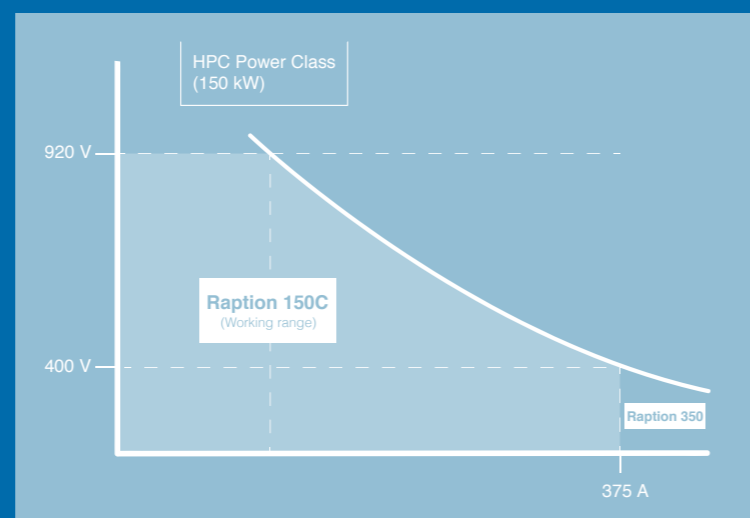

- 1 Simultaneous DC charger**  
Either 2 x CCS or CCS & CHAdeMO
- 2 Modular design**  
Featuring a modular design for an increased flexibility at a lower cost
- 3 Contactless**  
Featuring contactless payment for a comfortable and easy charging experience
- 4 Controller function**  
Raption 150 Compact can operate as a 'Controller' of other AC or DC 'Receiver' chargers decreasing hardware capital costs
- 5 High efficiency**  
Featuring a high-efficiency system to decrease energy costs
- 6 8" touchscreen**  
Featuring a multi-language touch screen for intuitive and accurate charging
- 7 Safety**  
Featuring courtesy lights and security locks for the most hostile contexts
- 8 All in one unit**  
Incorporating the power delivery and power module in one housing. Great for locations with limited space

The best charging solution for the most demanding contexts

## You'll always charge at 150 kW\*

We keep power levels stable at 150 kW all the way up to 375 A, whether at 920 or 400 volts.

\* 150kW charging rate is dependent of vehicle specification

### Raption 150 Compact Models

	CCS	CCS CCS	CCS CHA
Maximum output power	CCS: 150 kW	CCS: 150 kW CCS: 150 kW	CCS: 150 kW CHA: 100 kW
Voltage range	CCS: 150-920 V	CCS: 150-920 V CCS: 150-920 V	CCS: 150-920 V CHA: 150-500 V
Maximum output current	CCS: 375 A	CCS: 375 A CCS: 375 A	CCS: 375 A CHA: 200 A
